## VENERE Tips Test in Operation

<p><b>User:</b> Changchun Yimei Cosmetology Hospital  <b>Surgery:</b> Right Mandible Sagittal Split Osteotomy and Shorten</p>	<p><b>Date:</b> 23<sup>rd</sup> December 2010</p> 
<p><b>Applied Tips:</b> VENERE Tips</p>	
<p><b>Comment:</b> those tips were good cutting performance when the tips cut on inboard and outboard radial mandible surface. The user selected a small wound(window) to expose the mandible for osteotomy(please see the pictures of surgery) .frankly ,those tips provided good visibility and excellent cutting performance .</p>
